

re·minders
re·minding the soul
to re·member & re·alize

you came from the original to realize your unique expression, you came to realize what wasn't real before you existed. This image is coded in you and you alone. It's alive in you. That is the truth, the call, the endless pursuit in hopes of relief. It won't stop itching until you realize it. The people you live with don't always see what you see, so they try to convince you you've got it all wrong. You start to believe it, but deep down you know the truth, nobody else can show you how to realize. Others may help to awaken the truth and to guide you, but you must trust the original code that is yours and yours alone. Your mission is to realize it.

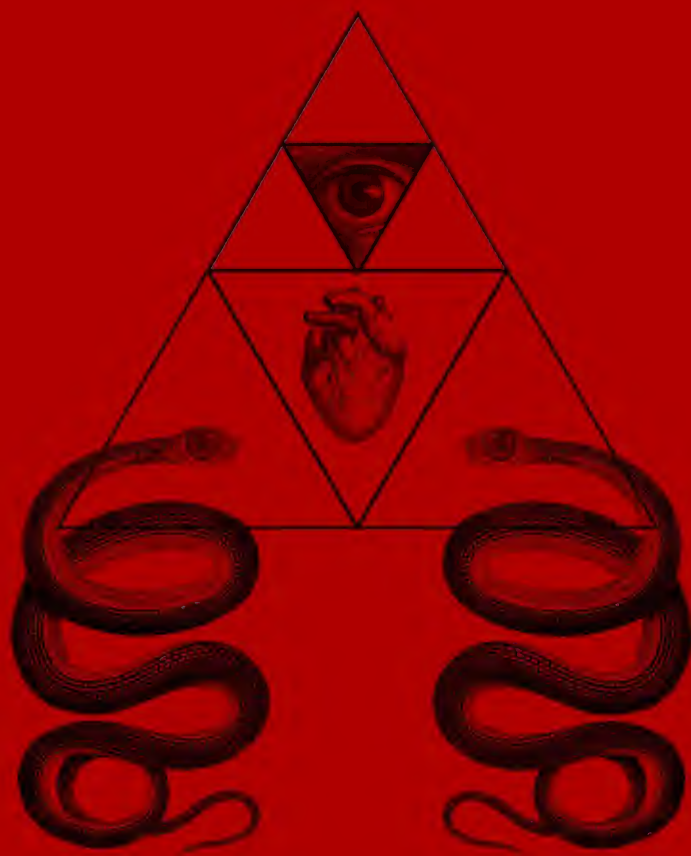

Who you were
Who you are
Who you're becoming
Converges here now
the impulse to grow
is slightly stronger
than desire for safety

how will you spend your
PRECIOUS LIFE?

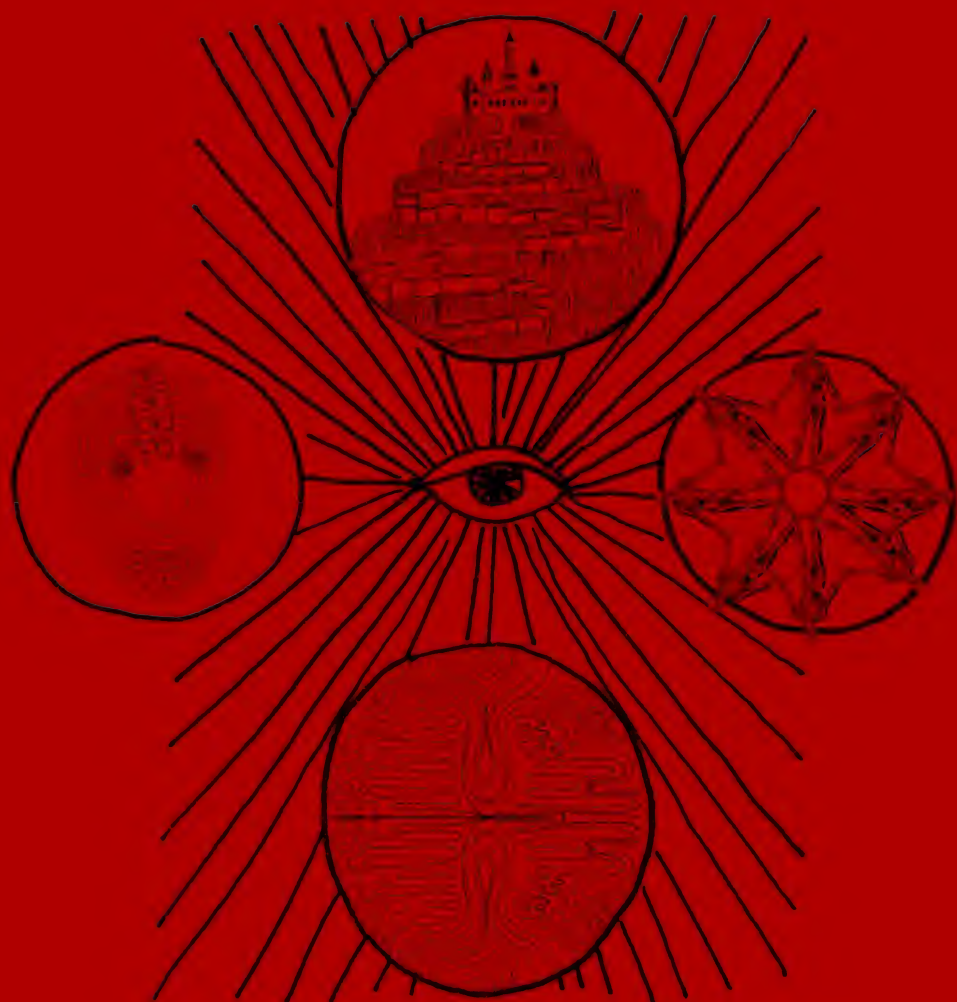

Will you risk it—trust—allow—
to realize your full expression
and carry out your heart's duty?

please
don't

To be a creator, the war must end. You must fully make peace and shake hands with "them." There is no enemy. There is no perpetrator. Blame is over. Hatred ceases. All beings are allies. This is your design. You created the "opposite" so you could find you. Found her? Yes. Beauty. Truth. Goodness. Release shame and blame. Let go of rage, fear, woe. Yes, there's evidence of dysfunction and disorder. That's your personalized invitation to clear your own "house." Clean up your own mind, body, psyche. Re-pair your heart. Re-mind your self who your soul belongs to. Settle accounts. Be clear. Then create.

I am willing to release obstructions to my full
awakened being for the benefit of all

THE WORLD WAS
MADE TO BE FREE IN

"It is always possible, however, to refuse the call entirely and turn the ear back to egocentric interests of unrewarding work, relationships and pop culture. Refusing the call turns our flowering world into a wasteland of open-pit mines, clear cuts, strip malls and billboards..."

"The wanderer learns to praise his whole being - using verse, song, gesture, dance, tears, sketches, ceremony, and performance. He does not keep his wonder and praise to himself..."

"To be human is to become visible ★★★★★★
★ while carrying what is hidden ★★★★★★
★ as a gift to others. ★★★★★★

As an adult, you're in the process of claiming your full humanity by the way that you embody soul - by the way you express your love for the world through engaged actions inspired by your particular way of belonging to life. but you're not trying to heroically fix or save the world. You are simply participating in the world as fully as you can. This is the most you can do for the world, and it is

Sufficient." - Bill Plotkin,
"Nature and the Human Soul"

the sounds of original desires
re-member the songs that stirred soul?
re-member your flesh and bone
the vessels that brought life to this world
re-mind the knowledge of what you are
re-cognize your family, all of you, all of us
re-claim your mission, your one and only position
re-call the whispers, allow the revelation to unfold
it's inevitable

time to leave home, time to go back home
there's no place like home
you were there all along, but forget re-member
the sand is falling quickly
the one who loves you most is calling
wake up, wake up, dear one, don't leave us
there's no place like home
and you're right here, over the rainbow
right where you belong
